Randi Israel, LCSW, CMC

Life Care Manager

Randi Israel has worked with older adults and their families for over 30 years.

In 1996, Randi joined Northshore Eldercare Management, now LivHOME Inc. She has worked with families and their loved ones who struggle with dementia, Parkinson's disease, and many other physical and cognitive challenges. Often Randi is brought into a situation where the client is resistant to any help and successfully works toward resolution.

Randi provides care management for her clients, conducting clinical assessments, building care plans, obtaining community resources, advocating within the complex health system, communicating with the care team, as well as many other tasks. She also provides individualized training and supervision of LivHOME Caregivers. Randi has been partnering with the Multiple Sclerosis Society for many years, working as an advocate and resource professional for individuals diagnosed with multiple sclerosis.

She received her master's degree in social work from the University of Illinois, Chicago, Jane Addams School of Social Work and is a licensed clinical social worker. Randi is also a certified care manager (CMC). Randi is a member of the National Association of Social Workers and the Aging Life Care Association.

Randi can be reached at (847) 470-1703 or by email at risrael@livhome.com.
